OUR SUPPORT INCLUDES

DIRECT WORK: flexible, evidence-based, longer term interventions adapted to the needs of each young person to reduce risk and help them cope and recover from the impact of exploitation.

GROUP WORK: Through mapping themes and trends, Catch22 may determine that group work within certain settings is required to tackle low-level risks.

BESPOKE DELIVERY: work with a professional to co-deliver part of a planned piece of work or direct support for the professional to deliver the work themselves.

EARLY INTERVENTION: work with schools and education providers to raise awareness of risks and encourage protective behaviours.

RESOURCE SHARING: Catch22 has a range of resources that can be utilised by other professionals. We share these as appropriate and ensure that professionals are confident in their use.
